

ERGAKI

IF YOU VISIT IT ONCE,
YOU WILL FALL
IN LOVE FOREVER

● ERGAKI IS CALLED THE PEARL OF THE SAYAN MOUNTAINS. IT IS A PARADISE FOR TRAVELERS WHERE YOU CAN FIND ALIEN-LIKE LANDSCAPES. ERGAKI IS THE EDGE OF FABULOUS ROCKY PEAKS, ENDLESS TAIGA AND CRYSTAL RESERVOIRS.

THE FIRST PEOPLE WHO NOTICED THE BEAUTY OF ERGAKI WERE ARTISTS. ONE OF THEM WAS THE FAMOUS RUSSIAN PAINTER TOYVO RYANNEL. LATER, THE KRASNOYARSK RESIDENTS AND TOURISTS BEGAN TO DEVELOP THE AREA. THEY CLIMBED THESE MOUNTAINS AND PASSED CONVENIENT ROUTS FOR FUTURE GENERATIONS.

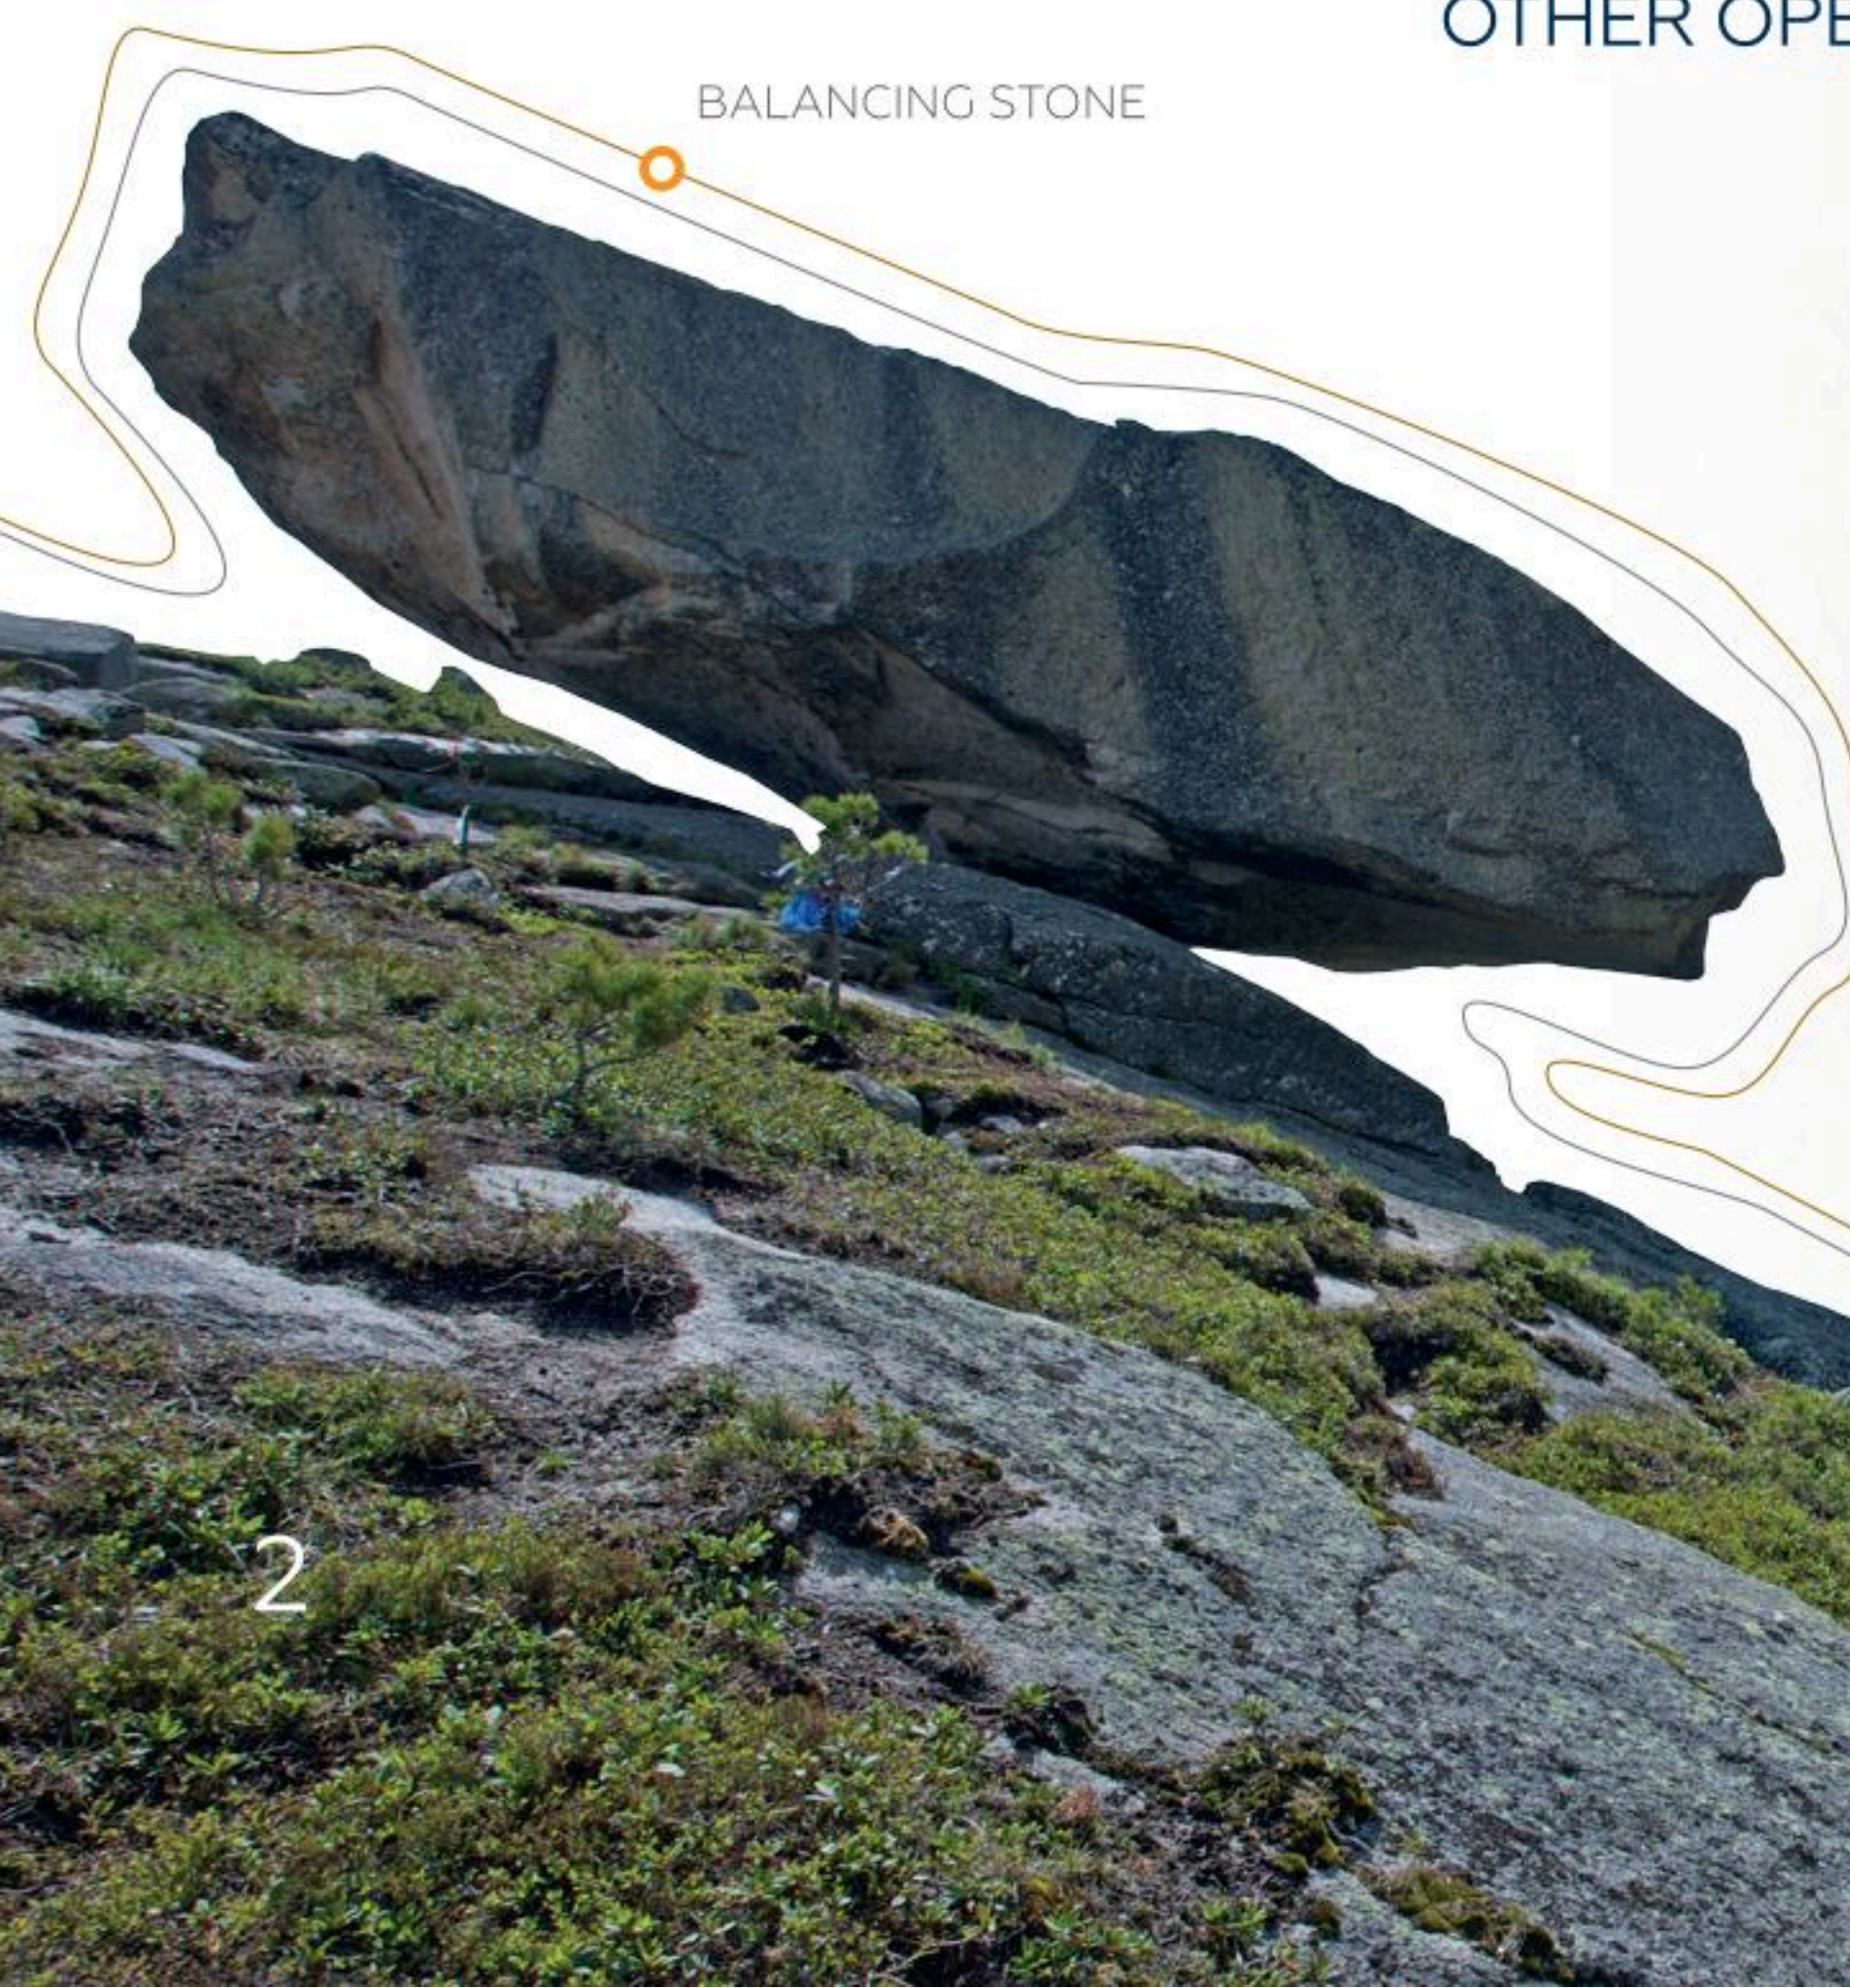

- The famous Balancing Stone, with an approximate weight of 150-200 tons, balances on the edge of a high cliff, contrary to the laws of physics. People say the stone vibrates during a strong wind. Will you check it out?

- **The total area of Ergaki Park is 342,873 hectares.** It is noteworthy that almost half of this territory is open for tourists.
- The Nature Park is named after the Ergaki ridge, a part of the Western Sayan mountains. **The word «Ergaki» is translated from Turkic as «fingers».** According to an ancient legend, these are the fossilized fingers of Enkul, a hero.
- **Star Peak is 2,265 meters height.** It resembles a huge sea liner, cutting the vast surface of the taiga ocean.
- **The Mountain Spirits Lake is one of the most mysterious places in Russia** (according to Russia Travel website). This is a place of pilgrimage for ufologists, esotericists, scientists, photographers and just curious tourists. There are numerous eyewitness accounts that the water begins to glow at night.

- The theme of flowers in Ergaki is endless. **In June you can observe the bloom of the leotard (frying)** – real carpets woven from burning orange flowers cover the land of the park meadows.
- **A lot of photographers consider The Malachite Reservoir one of the most beautiful places in the world.** It is because of the emerald color water formed by a special mineral mix. Everybody wants to swim, although the water is icy.
- **Parabola is a unique rock; there is not anything like it in the world.** It arouses the admiration of tourists at first sight, which doesn't disappear on the second, third and hundredth viewing either. **Travelers note that Parabola resembles horns or the Sauron tower from the legendary film The Lord of the Rings if you look at it from the side of Star Peak.**
- **The riddle and the center of the mythological attraction of the park is the rocky ridge Sleeping Sayan.** It clearly resembles the figure of a sleeping giant hero. Local residents have considered this place sacred for centuries and it is described in dozens of legends.
- **Nights in Ergaki are called sleepless.** It is breathtaking to look at the endless depths of the sky and at stars scattered right above your head. A night photo with a flashlight on the background of the Milky Way is already a classic of the genre.

MUSK DEER

BLACK STORK

RED BOOK
GOLDEN EAGLE

- **The territory of the park is inhabited by amazing animals and birds:** brown bear, fox, reindeer, wolverine, lynx, roe deer, red deer, red book golden eagle, black stork.
- **The symbol of the park** is a small ungulate animal, **the musk deer.**
- **«If you have not visited Lake Khudozhnikov (Artists'Lake), there's nothing to brag about as if you were in Ergaki and saw anything,»** experienced tourists say. The beauty and amazing landscape of the lake captivates artists. Everybody wants to save what they see in the sketches.

WHY YOU SHOULD COME?

- To escape from the city rush to stay alone with yourself and reload values
- To get surprised by the frequent «hello», «good morning» and «good day»; it is customary to greet everyone in Ergaki
- To breathe deeply in the mountains
- To make sure that not only dishes can be piquant, but also hills!
- To appreciate your feet and whole body
- To see the gigantic hundred-year-old Siberian cedars with your own eyes
- To take eye-blowing photos
- To fall in love once and forever

WHAT TO TAKE TO MOUNTAINS?

- A backpack of 60-100 liters for a multi-day trip or a small backpack up to 40 liters for a one-day trip
- Footwear. You should have waterproof trekking boots and rubber boots. There is one more MUST HAVE – a spare pair of shoes
- Raincoat made of durable fabric or two polyethylene coats (as it is easy to tear on bushes)
- Hiking clothes and warm clothes for the camp. Additional clothing set should be warm and always dry
- Individual first aid kit
- Headlamp, preferably with replaceable batteries
- Eating set: mug, bowl, spoon, folding knife
- Camera or video camera, portable chargers
- Map of the starry sky. All the stars are in full view at night!
- Cash (souvenirs, cafe, rental, etc.)
- Sunblock cream. The atmosphere layer is thinner at a height, so the ultraviolet light passes more easily, and a tan forms faster. The nose and neck are the most affected by the sun. They should be covered during the trip
